GENERAL DESCRIPTION

Performs moderately complex (journey-level) staff services work. Work involves coordinating and performing work in several staff services functions such as human resources, accounting, budgeting, purchasing, training, payroll, records management, and property management. May provide guidance to others. Works under general supervision, with limited latitude for the use of initiative and independent judgment.

DISTINGUISHING CHARACTERISTICS

The Staff Services Officer job classification series is intended for employees that are responsible for several staff services functions and should not be used for employees who are only responsible for the operation of one particular functional area. Typically, employees at the higher levels within the series oversee complex and critical staff services work that may cross several major staff services functions and/or divisions in which the work is not directly related and/or may be responsible for supervising staff. This series is typically found in smaller agencies and in satellite or district offices of larger agencies.

Examples of duties and responsibilities related to human resources, accounting, budgeting, purchasing, training, payroll, and records or property management are located in related job classification series found in various occupational categories such as 1) Human Resources, 2) Property Management and Procurement, and 3) Accounting, Auditing, and Finance.
