GENERAL DESCRIPTION

Performs highly advanced (senior-level) portfolio project management work. Work involves overseeing the strategic portfolio plan; coordinating the planning and initiation of a portfolio of projects at various levels of completion; monitoring the progress, budgets, and schedules of portfolios; and communicating with portfolio and project stakeholders, management, and other relevant parties. May supervise the work of others. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

DISTINGUISHING CHARACTERISTICS

Portfolio refers to a group of projects or programs, whether related or non-related. The Portfolio Project Manager job classification series is intended for positions that routinely manage multiple concurrent projects that may vary in size, scope, and complexity and typically impact the entire agency. The portfolio of projects may share resources but may also operate independently. Agencies that use this series typically have large, high-risk, and high-value project portfolios.

The intent of this series, the Project Management Specialist series, and the Program Management Specialist series is to provide support within a Project/Program Management Office or similarly structured area whose main objective is to set standards and governance for work and processes within an agency.
