GENERAL DESCRIPTION

Performs highly advanced and/or supervisory (senior-level) land acquisition work. Work involves planning and directing right-of-way acquisition and functional activities; overseeing appraisal reviews; and ensuring compliance with state and federal laws regulating highway, rail, or airport construction, improvement, or disposal of right-of-way assets. May supervise the work of others. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

EXAMPLES OF WORK PERFORMED

Directs the acquisition, leasing, disposal, abandonment, and exchange of real property.

Directs the preparation, processing, maintenance, and auditing of contracts, plans, specifications, and billing requests.

Oversees the leasing and disposal of surplus real property or other asset-related matters.

Oversees the review and analysis of legal and technical documents.

Oversees work activities between state and federal agencies, utility and title companies, and other entities having an interest in property.

Develops, interprets, and implements departmental policies and procedures concerning the acquisition of land, and ensures compliance with applicable state and federal laws as they relate to right-of-way functional activities.

Consults with planning, design, project management, surveying, and environmental personnel to identify and resolve right-of-way impacts.

Monitors the removal, adjustment, or relocation of utilities.

Researches problems and coordinates solutions.

May supervise the work of others.

Performs related work as assigned.

GENERAL QUALIFICATION GUIDELINES

EXPERIENCE AND EDUCATION

Experience in land acquisition work. Graduation from an accredited four-year college or university with major coursework in real estate, business administration, accounting, or a related field is generally preferred. Experience and education may be substituted for one another.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of real estate laws, methods, principles, procedures, and terminology; of departmental policies and procedures; of zoning, appraisal, ownership, transfer, and lease of real property; of utility industry rules, regulations, and adjustment procedures; and of right-of-way negotiations, relocations, appraisals, and acquisitions.

Skill in the use of computers and related applications, and in analyzing data.

Ability to research problems, to negotiate and coordinate solutions, to communicate effectively, and to supervise the work of others.
