

Architect IV

Salary Group: B27
Class Code: 2268

<u>CLASS TITLE</u>	<u>CLASS CODE</u>	<u>SALARY GROUP</u>	<u>SALARY RANGE</u>
ARCHITECT I	2260	B21	\$48,278- \$78,953
ARCHITECT II	2264	B23	\$55,184 - \$90,393
ARCHITECT III	2266	B25	\$63,104 - \$103,491
ARCHITECT IV	2268	B27	\$76,356 - \$129,137

GENERAL DESCRIPTION

Performs highly advanced (senior-level) architectural work. Work involves overseeing and/or performing the planning, design, and implementation of architectural and construction programs and projects. May supervise the work of others. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

EXAMPLES OF WORK PERFORMED

Directs, plans, and coordinates architectural, design, and construction projects including those of high complexity and large in scope, ensuring that codes, standards, and project requirements are met.

Oversees and/or prepares design drawings, blueprints, records and reports.

Oversees and/or conducts inspections, and evaluates data for compliance with laws and specifications.

Provides high-level technical assistance in architectural and construction management.

Provides public presentations and training regarding various areas of design, including architectural history, public improvements, preservation, urban design, sustainability and building rehabilitation as well as agency or program procedures and methods.

Conducts special studies for architectural or construction projects, reducing facts to specific findings, and recommends solutions.

Prepares information regarding design, structure specifications, materials, color, equipment, estimated costs, and construction time.

Reviews and coordinates the progress of the design work of consultant architects, engineers and other architectural personnel to ensure the drawings and specifications are properly coordinated.

Assists with developing and implementing departmental policies, procedures and administrative directives in accordance with applicable laws, ordinances, codes, standards, rules, regulations, and legislative policies and procedures by interpreting, explaining, monitoring, and evaluating the functional activities of the program area.

May be responsible for leading or being a key participant in one or more major projects.

May supervise the work of others.

Performs related work as assigned.

GENERAL QUALIFICATION GUIDELINES

EXPERIENCE AND EDUCATION

Experience in architectural and construction management work. Graduation from an accredited four-year college or university with a degree in architecture, landscape architecture, or related degree in a program accredited by the Landscape Architectural Accreditation Board or National Architectural Accrediting Board.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of architectural and design principles, techniques, and procedures; of construction management; of engineering specifications related to design work; and of mathematical applications.

Skill in the use of architectural tools and in problem solving.

Ability to visualize architectural designs; to apply architectural concepts to plan, coordinate, and oversee projects; to conduct inspections; to communicate effectively; and to supervise the work of others.

REGISTRATION, CERTIFICATION, OR LICENSURE

Must be registered as an Architect or Landscape Architect by the Texas Board of Architectural Examiners.
