## GENERAL DESCRIPTION

Performs advanced (senior-level) work in the maintenance and repair of electrical equipment and circuits. Work involves coordinating the installation, replacement, and maintenance of electrical systems, apparatus, components of machinery, and equipment. May serve as a lead worker providing direction to others. Works under limited supervision, with moderate latitude for the use of initiative and independent judgment.

## EXAMPLES OF WORK PERFORMED

Coordinates the installation, replacement, and maintenance of electrical systems, apparatus, circuits, and electrical components of machinery and equipment.

Coordinates the inspection, testing, and troubleshooting of electrical equipment, lighting, and power circuits.

Develops plans and specifications of maintenance and renovation projects.

Estimates time and material used on projects.

Reviews the layout of electrical wiring to ensure compliance with specifications and electrical codes.

Inspects electrical systems, equipment, and components to identify hazards, defects, and the need for adjustment or repair to ensure compliance with codes.

Maintains records and prepares reports on repairs and service to equipment.

May plan and coordinate the installation of electrical systems.

May plan long-range electrical maintenance programs.

May serve as a lead worker providing direction to others.

Performs related work as assigned.

## **GENERAL QUALIFICATION GUIDELINES**

### **EXPERIENCE AND EDUCATION**

Experience in the operation, maintenance, and repair of electrical equipment. Graduation from a standard senior high school or equivalent, supplemented by vocational or special training in an electrical trade, is generally preferred. Experience and education may be substituted for one another.

### **KNOWLEDGE, SKILLS, AND ABILITIES**

Knowledge of general principles and theory of electricity, and safety regulations.

Skill in the use of tools.

Ability to make maintenance or electrical repairs, to diagnose malfunctioning units, to maintain records, to communicate effectively, and to serve as a lead worker providing direction to others.

### **REGISTRATION, CERTIFICATION, OR LICENSURE**

May require appropriate licensure from the Department of Licensing and Regulation.

May require appropriate hours of on-the-job training and passing an examination issued by the Department of Licensing and Regulation.
