

Ferryboat Specialist III

Salary Group: B23

Class Code: 9836

CLASS TITLE	CLASS CODE	SALARY GROUP	SALARY RANGE
FERRYBOAT SPECIALIST I	9832	B21	\$54,278 - \$87,046
FERRYBOAT SPECIALIST II	9834	B22	\$57,614 - \$93,138
FERRYBOAT SPECIALIST III	9836	B23	\$61,184 - \$99,658

GENERAL DESCRIPTION

Performs highly advanced and/or supervisory (senior-level) ferryboat specialist work. Work involves overseeing the maintenance and repair of a ferryboat. May supervise the work of others. Works under minimal supervision, with extensive latitude for the use of initiative and independent judgment.

DISTINGUISHING CHARACTERISTICS

The Ferryboat Specialist job classification series is intended for employees who maintain and repair ferryboats. In contrast, the Ferryboat Captain job classification series does not focus on maintaining and repairing ferryboats; rather, employees in that series are responsible for piloting and navigating a ferryboat and ensuring the safety and welfare of a vessel, crew, passengers, vehicles, and other public property. Also, the Ferryboat Deckhand job classification series focuses on loading and unloading vehicles and passengers onto and off a ferryboat.

EXAMPLES OF WORK PERFORMED

Oversees the training of personnel performing routine repairs, cleaning, and preventative maintenance duties; and coordinates basic systems operations and casualty controls.

Oversees the inspection of operational tests of emergency generators; fire-fighting; dewatering pumps; and other associated equipment, piping, and systems; and ensures the proper operation and security of equipment under emergency conditions.

Oversees preventative maintenance and adjustments on various machinery, equipment, systems, or components.

Oversees dock and sea trials.

Directs vessel refueling operations and the discharge of wastewater in accordance with regulations and in compliance with state and federal laws.

Coordinates work requests and the implementation of vessel and facility maintenance projects.

Assesses reports, machinery and equipment condition and operation; and directs repair or corrective actions.

Reads and interprets blueprints, sketches, electrical diagrams, and piping and mechanical drawings.

Reviews logs on watch activities, operating machinery, and equipment statistics; and ensures the accuracy of machinery history and repair records.

Ensures the proper start, operation, and securing of all main propulsion, steering, auxiliary, standby machinery, equipment, and related systems for the operation of vessels under normal and/or emergency conditions.

Ensures that the structural and watertight integrity of a vessel is maintained.

May supervise the work of others.

Performs related work as assigned.

GENERAL QUALIFICATION GUIDELINES

EXPERIENCE AND EDUCATION

Experience in maintaining boats or ships. Graduation from a standard senior high school or equivalent is required. Experience and education may be substituted for one another.

KNOWLEDGE, SKILLS, AND ABILITIES

Knowledge of applicable industry safety standards, guidelines, and specifications codes; laws, rules, and regulations; and the repair and maintenance of marine vessels.

Skill in maintaining ferryboats, firefighting, using tools and equipment, and maintaining a safe work environment.

Ability to oversee the proper methods, techniques, and procedures used in the maintenance and repair of marine vessels and related equipment; work from drawings, diagrams, and blueprints; communicate effectively; and supervise the work of others.

REGISTRATION, CERTIFICATION, OR LICENSURE

May require specific U.S. Coast Guard certifications and/or document(s) appropriate for the vessel(s) being operated. Must have or be able to obtain transportation worker identification credentials.
