

Texas Board of Professional Engineers and Land Surveyors Schedule F – Workforce Plan

FORWARD

The Texas Board of Professional Engineers and Land Surveyors Workforce Plan provides an overview of agency staffing information. The agency has been successful in meeting its mission and goals and providing excellent service with a highly trained and skilled staff of motivated individuals. The agency has been able to work smarter and leverage technology to address a significant increase in the number of licensees while holding total staffing relatively flat. The Workforce Plan forecasts staffing goals, workforce skills, demographics and trends required to continue to ensure high standards of agency operations and services.

OVERVIEW

The agency works effectively and efficiently under the SDSI project program and as of April 30, 2026, employs 32 full-time employees which requires most staff members to perform multiple job functions. The Board expects high standards of performance and customer service that require the agency to maintain a highly engaged and skilled workforce.

Advances in internal technology and staff training and skills have allowed the agency to provide quality customer service to meet its mission and goals with only a small change in staffing

Current strategic goals are aligned to support the agency workforce, including training, communications, agency environment, and succession and retention planning.

WORKFORCE DEMOGRAPHICS

Gender, Age, Ethnicity

A total of 36 full-time positions are budgeted for including one exempt position. There are five supervisors and managers including the executive director. Five Professional Engineers are on staff to analyze and evaluate technical engineering issues and the technical/professional credentials of applicants.

The agency's workforce comprises 59% females and 41% males.

The ethnic distribution of the staff is 13% Black, 41% Hispanic, and 47% White. The average age of employees is 50 years old.

Turnover is an important issue in any organization and the TBPELS is no exception. Average tenure in the agency is about 13 years with an average of 18 years total state service among employees. To address turnover, the agency is focusing on employee retention, succession planning, and performance improvement issues. There were no employee terminations over the past year.

Retirement Eligibility

The agency estimates that 10 employees would be eligible to retire within the next year. The agency has implemented a career ladder program and is working on a retention and succession program,

as well as reviewing overall staffing and workload issues to address this potential change.

FUTURE WORKFORCE PROFILE

The goals of the agency identified as Communication and Outreach, Organizational and Workforce Development, and Process and Product Improvements, along with agency Core Functions of Licensing and Enforcement provide us with a context for future workforce planning.

A. Critical Functions

- Enhancement of communication and outreach functions;
- Enhancement and improvement of internal processes; and
- Continued development of in-house IT initiatives.

B. Expected Workforce Changes

- Increase use of technology to revise and streamline work processes;
- Increased employee cross-training in functional areas;
- Change in work methods, including telework; and
- Retention and Recruiting Programs.

C. Anticipated Increase/Decrease in Number of Employees Needed to Do the Work

- Agency will review staffing needs considering improvements and process changes and present revisions to the Board;
- Due to constant workload increases related to agency Core Functions and the goal of providing enhanced educational outreach, additional staff may be considered by the Board, if necessary.

D. Future Workforce Skills Needed

To administer the variety of activities required in an efficient and effective manner, the agency relies on a competent and knowledgeable staff. Additional skills will be essential for future positions:

- Communication skills – both interpersonal and external presentation skills;
- Process analysis and improvement;
- Technical and computer skills;
- Project management;
- Performance management;
- Organizational leadership;
- Strategic planning; and
- Business process creation or revision.

TBPELS expects to be able to satisfy and fulfill future workforce needs with the current hiring, retention, and succession planning practices and procedures.
